

BOX MIGRATION

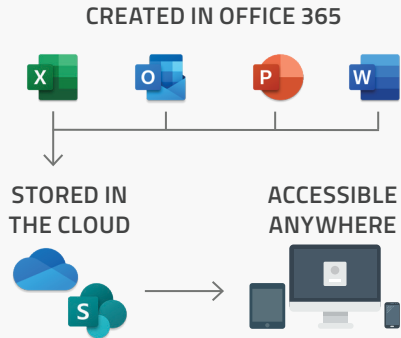

Think outside the Box. Make the switch today.

OneDrive and SharePoint are secure cloud-based file storage platforms fully integrated with all Office 365 applications, allowing users to create, store, collaborate, and share files with ease.

Migration from Box to OneDrive or SharePoint begins March 2020. Visit [OIT.UTA.EDU](https://oit.uta.edu) for more details.

BENEFITS:

- Simple document sharing
- Secure data storage
- Automatic syncing to devices
- Remote access to all files
- Increased storage space
- Controls for security
- Easy access from any device
- Seamless collaboration
- Integrated with O365 apps
